Empowering Women to Soar

A Leadership Program For Women

Become the Best one can be!

Why Horse Partners?

The horse's behavior is innate and instinctive. Being social, prey animals, their survival is dependent upon successful interaction with their herd. They learn through verbal and non verbal communication. They form lasting relationships, not unlike women do everyday. Being intuitive, they show us instantly when we are fooling ourselves. They give us positive feedback and "herd" acceptance when shown our true leadership abilities and strengths.

A Leadership Program to help women discover their communication skills, leadership "trails" and problem solving abilities. Working with OUR horses, intuitive beings who mirror emotions, helps women become aware of anxieties and limiting beliefs that inhibit the ability to reach their goals.

Pegasus Leadership programs are held at Omega Paint & Quarter Horse Arena. Just 3 miles south of Papillion, Nebraska it is a perfect retreat location.
