

Introducing....PEGASUS, A Leadership Program for Women!

This new and very exciting program brings women and our horses together to discover their communication, leadership, and problem solving skills. Set in a very controlled environment participants and our horses engage in a series of ground exercises. These exercises offer a challenging way for women to “muscle memory” creative ideas to better understand themselves and the way they relate to others. Equine assisted learning is a new concept and very well received.

Based on the philosophy of “See, Do, Teach” the program promotes self awareness. Interaction with the horses, intuitive beings who mirror emotions, gives the women instant feedback. Positive reinforcement is paramount and a consistent part of the presentation. Women leave energized!

Your organization will benefit by topics such as attitude adjustment, overcoming fears, team goal setting, and creating new ideas.

Presented by Denise Maryanski, a seasoned motivational speaker and creative entrepreneur. My business background includes a success real estate career participating in the sale of over 4000 new homes, developing a residential investment company, co-creating Bone Appetite Bakery for Dogs with international sales and national franchising. Currently designing equestrian products sold internationally through Schutz Brothers of Manchester, Indiana and presenting Horses in Harmony, a series of equestrian clinics. I understand business planning and what it takes to reach personal and professional goals.

I would like the opportunity to visit with you and discuss how PEGASUS can benefit your organization. Some companies choose to send personnel others use the program as promotion for customers or potential customers. The program is limited to 12 participants to guarantee personal attention. The corporate group rate is \$600 including lunches.

Discover a new way to challenge your “herd”.

PEGASUS

Empowering Women to Soar
